Spectacular! Sunny! Private! Quiet!! On a unique rocky peninsula of over 2 acres, this home has a awe-inspiring 300+ degree ocean view. The circular design of the living area allows ocean views on one side and the calm of Duck Bay on the other. Situated close to and surrounded by water, complimented by its private dock and protected moorage, enjoyment of the ocean is a huge plus. Choose one of the patios, decks or even the pergola to feast on fish, oyster, shrimp, and prawns harvested right on your doorstep while enjoying an awe-inspiring sunset. Practice your hobby or home based business in the studio with its own spectacular views, only if you can ignore the eagles flying by your window, or work on your toys in the workshop/ garage.
