LAKE ALICE DREAMING. Pick up where one family left off at this nearly completed waterfront home. Look at these waterfront views from the Living Room, Bedroom and Decks! You feel like you are hovering over the water. We have a new roof in 2019, new energy efficient furnace, flooring system leveled, cathedral ceiling with skylight in the kitchen and cathedral ceiling in the bedroom, new wiring, insulation, drywall, windows and doors, with some trim completed. Now it's time to put your finishing touches on it...choose flooring, wire in the outlets, add kitchen cabinetry and appliances, bath vanity and toilet, complete the siding. If you are really ambitious, there are plans on file to expand the home. There is a 2 bedroom conventional septic system installed. Plenty of storage in the 30x40 detached garage. There are 2 more buildings. One is a finished sleeping room 12'4x16'4 and one is unfinished 10 x 15'9. At the waterfront you will have a rolling, low maintenance dock and boat lift.
