Absolutely stunning...not your average Westshore Condo!! This unit is spectacular and one-of-a-kind! Approximately 1,200 sq. ft. loft-style executive condo with a magical-feeling artisan handcrafted cathedral wall and 18-foot vaulted ceilings. It's incredibly spacious and offers the highest in quality. The main floor also features a 5-foot wall-mounted water feature in the dining area, gleaming engineered hardwood floors, granite counters, and a garden patio with a beautiful view of sunsets over the Sooke Hills. The upper master bedroom area is over 420 sq. ft. and includes a separate sitting/dressing area. 2 electric fireplaces, heated tile floors in both bathrooms and a garberator round out the upgrades. The Strathmore is centrally located with an excellent strata, and includes secured underground parking, separate storage, and a rooftop patio that can accommodate up to 60 people! Don't delay....you will want to see this one in person!
