What a great family home. First time on the market! This 3 bedroom home is situated on a level lot within walking distance to a popular swimming and fishing hole on the river. There is a 28 x 19 wired shop in the back yard with lane access. This family home has a wood stove that helps reduce heating costs in the cooler weather. Thermal windows throughout. There is a newer concrete pad just outside the kitchen - a great place to relax in the southern exposure sun! Just a little updating is all it needs to make this place your own. Grocery store, shops and local watering holes all within walking distance as well. This is a must see and won't last long on the market at this price. Immediate possession possible. All measurements are approximate, please verify if important.
