*Heading goes here!*

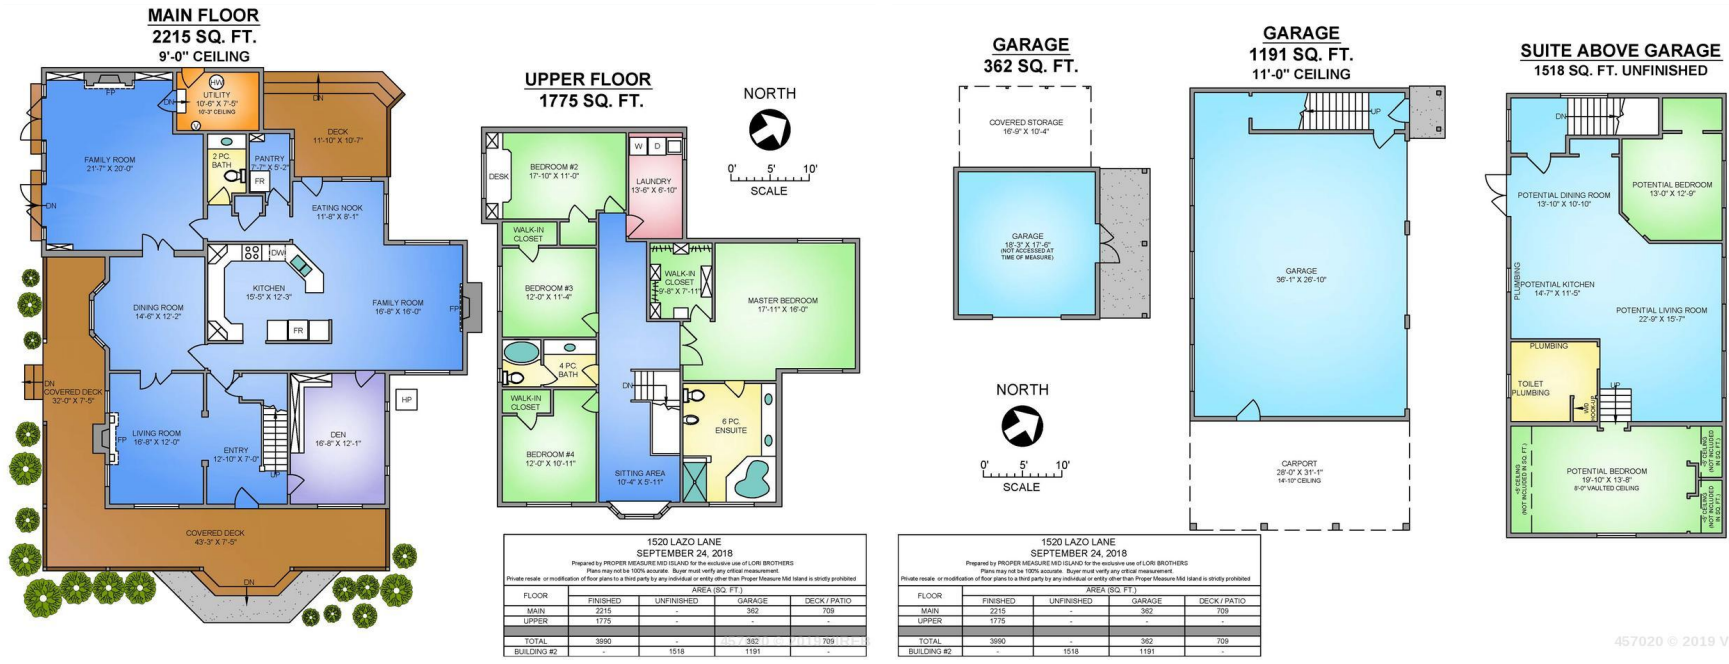

Here is a classic Victorian inspired home nestled on a beautiful private and serene 5 acre property surrounded by 2 tranquil creeks. The updated almost 4000 sq ft home is loaded with beautiful hardwood floors that reflect the traditional heritage decor including large living areas creating a comfortable yet elegant feeling. The main floor boasts all your living areas including a massive family room with loads of custom shelving, gourmet kitchen, 2 gas fireplaces that are all complimented by the high ceilings throughout. The upper level boasts 4 spacious bedrooms including a grand master with huge ensuite bath and walk-in closet! All of this is located on a very private property with a large 3 bay shop with roughed in suite above and a 2nd single car garage. Loads of space for all your toys. Updated and well maintained plus great water, well maintained septic, newer roof and so much more. Come and see this little piece of paradise. All data and measurements are approximate and must be verified if fundamental.
