This well-located half duplex is ideal for the first time buyer. Bring your green thumb and handyman skills to create your own vision of this home for your family. The house has 3 good sized bedrooms, hardwood floors, stainless appliances, thermal windows, fenced yard and a new roof. This is a great location near schools, shopping, on bus routes and close to the Gorge waterway. The extra large deck provides room for a BBQ and the privacy to linger under the wisteria trellis. The adjacent fenced private garden area awaits your landscaping ideas and choice of vegetables. This is a duplex that feels like a single family rancher and is connected to the neighbouring lot by only the storage room wall.
