Heading goes here!

One of the best ocean views in Nanaimo is offered here on both levels of this well maintained home in Oakridge. Perfect for the buyer looking for a low maintenance yard, but not having to compromise on space. The top floor offers all of your living area, including formal dining and living rooms, plus a large kitchen, nook and family room. All with fabulous views of the ocean and mainland mountains. There is also a private rear deck for those summer BBQ's. On the main floor you'll also find 3 bedroom and 2 full baths! The lower level offers 2 more bedrooms, full bathroom, rec room and a large double garage. The 2 levels of decks enjoy the views as well. With a little updating this home could be spectacular. Just a short walk to Piper's Lagoon and Neck Point Parks and 10 minutes drive to BC Ferries, shopping, schools and more.
