Aspen Gardens, Jasper's newest homes are now ready for occupancy! These precast concrete and steel modular homes are unlike anything you have seen. World class construction techniques have made these very green and very efficient, with almost no trade waste created. These 2 bedroom and 1.5 bath units have incredible living spaces in a very efficient floor plan, that is very easy to maintain and will have almost zero maintenance on the exterior. These are bare land condos, and are a part of the Aspen Gardens, long Jasper's best kept secret Bonhomme for family oriented living, steps away from the activity centre, schools and very close to groceries and downtown. Now ready for you to move into, call Cam today to arrange your viewing of our show suite at 44-230 Bonhomme
